Alternative Accommodation Options

The University is conveniently located in Bornova, a student neighbourhood of the city, and beside the city's metro line. This ensures that there are a range of affordable student flats, houses and dormitory options available to students.

Local Health Insurance Policy

In line with the new Turkish regulation on residence permits, Erasmus students are required to obtain general Health Insurance which is valid in Turkey with specific conditions laid down in the new regulations (with the exception of students coming from countries with social security agreements with Turkey – please see below).

Due to many technical complications that have occurred previously, we request incoming students to obtain their health insurance policies when they arrive in Turkey. This is because the health insurance issued outside of Turkey is not considered valid for the residence permit applications, according to new Turkish laws. If you have purchased other insurance, you will also need to purchase local health insurance in Izmir. For this reason, if necessary for your scholarship, please choose the cheapest insurance option in your own country.

As the International Office, we provide assistance to incoming students regarding health insurance in Turkey in line with the requirements outlined above. Private health insurance costs around 370 Turkish Lira (app. 100 Euro) for 6 months.

Exception - Erasmus students from Germany, the Netherlands, Belgium, Austria, Romania, Bosnia-Herzegovina, the Czech Republic, Macedonia, Luxembourg or Albania who are entitled to medical assistance in their home countries are eligible for health benefits within the framework of these agreements.

Erasmus Students may benefit from health services on the condition that they present a “Right to Health Assistance Certificate (formularies)” from the social security institution in their home countries. This certificate should be sent to Yaşar University before arriving in Turkey.

International Travel to Izmir

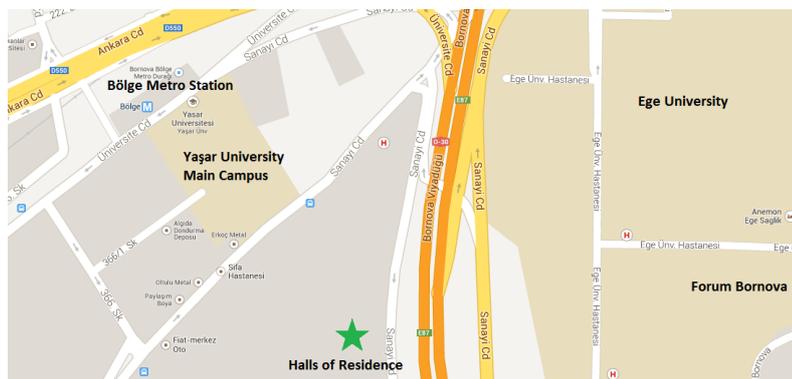

The Izmir international airport, Izmir Adnan Menderes Airport has many direct international flights. For flights, which connect via Istanbul, there are two international airport options (Istanbul Ataturk Airport or Istanbul Sabiha Gokcen Airport), which are located on the opposite sides of the city.

Photocopies of all important papers, including passport, student visa and Yaşar University acceptance letter, should be carried while traveling to Izmir, in case of documents getting lost or stolen. Important phone numbers and addresses should also be backed up and carried while traveling.

You should bring some Turkish Lira (TL) in cash when travelling to Izmir. We would also advise you to bring US Dollars or Euros to be able to exchange money from the banks or exchange offices while you are living in Turkey. There is an exchange office at the airport.

Travel from Izmir Airport to Yaşar University

Option 1: Take a taxi directly from the airport terminal to Yaşar University. This option will cost around 80 TL (20 Euros).

Option 2: Buy an Izmir travelcard (İzmirimkart – 6 TL/1-2 Euros) from the airport. Take the train from the airport to the Halkapınar station. From Halkapınar (map below), change to the Eastbound line and get off at Bölge station. The university campus is next to the Bölge station.

Option 3: Take the HAVAŞ bus from the airport to the city centre and get off at the Swiss Hotel (10 TL/2-3 Euros). From the Swiss Hotel, you can take a taxi to the halls of residence. This will cost around 30 TL/6-7 Euros.

Mentorship Program

With the cooperation of ESN Yaşar, Yaşar University arranges student mentors, who are full time YU students, for all incoming Erasmus students.
